

# Implementing OAI-PMH

Collection with a test record  
©The European Library

The screenshot displays a library search interface. At the top, there is a navigation bar with links for HOME, COLLECTIONS, LIBRARIES, and ORGANISATION. Below this is a secondary navigation bar with links for Search, Results, History, Favourites, and Help?. The main content area is titled "Collection with test record" and shows search results for the query "test". The results list includes a single entry: "1 Once upon a time... Mr. Smith". The entry details include "Type: Image, Picture, Still image, Collection Type, Collection Description Type" and "Language: english, eng, Language [RFC1766], Language [RFC3066]". To the right of the entry is a logo for "The ische European Library li" and a "SEE ONLINE" button. The interface also features a search box, a "STOP THE SEARCH" button, and a list of search options: "search within results" and "exclude from results". There are also links for "Advanced search (more options)" and "Change the collections selection". The "Matches for:" section shows "test" and a list of results: "- Collection with test record" with a count of "1". Navigation buttons for "PREVIOUS PAGE" and "NEXT PAGE" are visible on the right side of the results area.
